Bitte bestellen Sie bis spätestens **MONTAG, 08. April 2026, 18:00.**  
 Kindly place your orders by **MONDAY, 08<sup>th</sup> April 2026, 18:00** at latest.  
 (Kindly note the photos that you see here might not necessarily be the final versions.)

In 2026, we celebrate the 50th anniversary of one of Formula One's most distinctive machines: the Tyrrell P34. First introduced in 1976, its revolutionary six-wheel design — four small front wheels paired with two rears — made it an instant icon and remains one of the boldest engineering concepts ever seen on a Grand Prix grid.

To mark this milestone, we are releasing a special anniversary collection covering both car No. 3 and No. 4, including the Swedish, Dutch, British and Japanese Grands Prix, as well as the original presentation car. The series will be available in 1:43 and 1:18 scale, with selected editions in 1:8 scale.
